As a strategic device partner for Microsoft Lync, Jabra offers devices that are "Optimized for Microsoft Lync" which are tested by Microsoft to offer a rich and integrated experience for Microsoft® Office Communicator 2007 and Microsoft® Lync™ 2010.

Jabra's optimized devices deliver plug and play registration with the Lync/OCS server, automatic device detection, remote call control from the device, and superior wideband audio quality. Jabra enables users to derive the full business productivity, efficiency and cost benefits they expect from Microsoft Lync through enhanced voice collaboration based on simplicity.

Terms and conditions apply, please see web form for details.
